MEMORANDUM

TO: Local and Intermediate School District Superintendents
Public School Academy Directors

FROM: Sally Vaughn, Ph.D. *Sally*
Deputy Superintendent/Chief Academic Officer

SUBJECT: Talent Pool Development

The Michigan Department of Education (MDE) maintains a file of emerging classroom leaders that consists of a cadre of distinguished teachers. These educators may be considered for membership on advisory boards and task forces, as well as candidates for special recognition programs. Your recommendations will identify educators who will be of great value to your community and state and who may ultimately receive prestigious recognition.

**This year, what is particularly lacking, is representation
from secondary (6-12) educators.**

We are looking for secondary educators who are relatively new to the profession and demonstrate advanced instructional and leadership ability. Such persons exhibit strong potential for professional leadership and an inspiring presence that impacts students, colleagues, and the community.

Do you know a relatively new secondary (6-12) educator who is illustrative not only of our state's, but also the nation's best? Whose lessons provide models for others? Who has distinguished her/himself above and beyond established top-quality professionals in many of our schools? A minimum of five years in education is a must. Candidates are building-level personnel. They are typically classroom teachers as opposed to specialists and are recognized by peers and supervisors as unique in their growth. Previous recognition is not required. In fact, of special interest are educators who are outstanding but have not received significant public recognition.

Please provide succinct and specific information regarding one to three candidates on the online form, accessed via <https://mde.state.mi.us/talentpool/>. All
